## Overview

An ever-evolving creative, tinkerer and problem-solver in pursuit of a career in web development. My go-getter attitude and strong research skills, honed through education work, make me a promising addition to your development team.

## Profile

- Independent, self-motivated worker in remote and in-office settings
- Background in supervising, coaching and with leading projects
- Flexible skill set in technology, research and design
- Motivated to bring passion-projects and new ideas to life

## Skills

- JavaScript, HTML, CSS, SQL, Git, Copywriting, Digital Graphic Design

## Experience

### Paper Tutoring - (Jan 2022 - Present)

- Using a question-based learning style to help students synthesize answers
- Consistently assisting fellow tutors with difficult sessions through Slack

### Educational Consulting for Fewson Consulting Co (Oct. 2019 - Present)

- Researching child development stages and synthesizing information for clients
- Providing detailed curriculum-based feedback for children's television scripts
- Advising clients on script concerns to accommodate child development stages

### Elevate and Expand: Coaching for Excellence - (May 2021 - Dec. 2021)

- Simplifying complex concepts in well-rounded and engaging ways
- Collaboratively and academically goal-setting and reaching with students
- Creating a fun, open, free-flowing atmosphere in live sessions with tutees

### Supervisor at Shoppers Drug Mart (Mar. 2020 - Aug. 2021)

- Adaptively performing front and back-store operations while supervising junior staff, assigning breaks and happily assisting customers

## Education

### Trillium Full Stack Developer Boot Camp - (May 2022 - Present)

- Developing career-ready proficiency in front and back end development processes through independent and collaborative projects

### Ryerson (Toronto Metropolitan) University - (Sept. 2019 - Apr. 2022)

- Consistent Dean's List honoree, achieving a BA in English

**University of Waterloo - (Sept. 2017 - Dec. 2018)**

- Consistent Dean's List honoree with a specialization in Technical Writing
